Andante and Allegro

Brad Schoener

Both of these pieces are published by the composer and may be procured through him at 1520 Woodland Rd., West Chester, PA 19382. The first is reminiscent of the "Hogan's Heroes" theme of the 70's. Short and sweet, it packs the punch that gets everyone's attention as an opener or closing work on the program. The second work, Andante and Allegro is a catchy little swing tune which opens with woodwind pyramids and a mesmerizing flute solo. A roll off breaks the spell, in come the brass and it's up, up and away.
